

Dear Elector,

I write to ask you to support Derek Longhurst, your Independent Candidate, at the Central Ward Town Council Election on Thursday 18<sup>th</sup> April 2013.

Many of you will remember that I represented Alsager on Cheshire County Council, for a total of 16 years, and that I understand the importance of listening to local people and putting their needs ahead of everything else; including party politics.

Derek Longhurst is a highly qualified professional who has championed local concerns over Development Plans and worked ceaselessly to achieve the best for Alsager and its residents. There is no better example of this than the current proposals for development of a University Technical College, Rescue of the Sports Facilities and providing much needed Houses for our Older Residents; on the Manchester Metropolitan University (MMU) site.

This original idea and the incredible amount of work that have gone into developing it into a deliverable plan; supported by Fiona Bruce MP, the Leaders of Cheshire East Council, Alsager Sports and Recreation Association, Alsager School, the Town Council and a University is testimony to the quality of the scheme that Derek Longhurst has produced.

Alsager needs people of vision and ability to see us through this period of unparalleled attack on our Town by profit driven Housing Developers and Derek Longhurst has proven himself to be willing to meet this challenge in an intelligent and positive manner.

Please give your support to Derek Longhurst on the 18<sup>th</sup> April and allow him to represent you on the Town Council.

Thank you,

Derek Bould.  
Hon. Alderman.
